AGENDA TOPICS

Agenda topic *Introductions and Announcements* | Presenters *Annie + group check-in*

Recap: little over one year of work, which has been focused on a collective vision and long-term impact action plan to improve health outcomes.

Announcements:

- Fit stations/ equipment being installed – Caswell County
- Service learning courses at Averett, DCC, PCC → think of how they might be able to build your organizations capacity
- Healthy community policy audit → Capstone project – UNC Public Policy

Agenda topic *Health Summit Debrief* | Presenters *Jason/ Annie*

Discussion:

- Right direction with overall goals
- Expand time – longer breakout session
- Chip as the keynote was good
- Jamie and Tia's joint presentation – information (+) personal impact
- Community Health Assessment process will increase community engagement

Agenda topic *Action Team Breakout Sessions* |

Activity: Breakout work session for action teams – goals 1-4. Taking into consideration the information collected at the recent Health Summit, community focus groups, key informant interviews and leadership breakfast as well as work completed throughout the collaborative process. Use to determine strategies and actions (next steps) for 2016 –

Things to keep in mind:

- Sustainable strategies
- Integrative approaches
- Opportunities for leadership, workforce and economic development
- Health in all policies
 - i.e., transportation barriers

- getting people to the opportunities
 - taking the opportunities to the people
- ACE's—Adverse Childhood Experiences and their lasting impact on overall health
