Agenda Topic: Active Living by Design Strategic Planning Update & Coordinating Committee Report

- Capacity report – may be helpful in forming 2017 work plans
- Coordinating Committee Update
 - Met October 12
 - Goals for 2017
 - GOAL 1: Develop a policy agenda that promotes healthy eating, active living and access to healthcare within our region’s communities
 - GOAL 2: Collect baseline data to support The Health Collaborative’s evaluation plan and the CHNA/Health Equity Report
 - GOAL 3: Develop a messaging and communications plan for Health Collaborative members and for the community
 - GOAL 4: Develop a strategic plan for community engagement that fosters a culture of intentional and diverse engagement throughout The Health Collaborative and within each project of the action teams

- GOAL 5: Further develop and refine The Health Collaborative’s organizational structure to support efficiency, as well as promote and diversify leadership opportunities and proper engagement of members
 - Elyse’s Health Collaborative Role
 - 50% of time dedicate to Health Equity Report / Community health needs assessment
 - 50% of time dedicated to increasing capacity and coordination of the Health Collaborative mainly in the areas of event planning, evaluation / data collection, community engagement, internal and external communication and the healthiest cities and counties challenge
-

Agenda Topic: Healthiest Cities and Counties Challenge

- Details of the Challenge
 - October 1 start date
 - Quarterly reporting
 - Site visit from expert judges
 - Baseline Data Collection
 - Institute for Public Health Innovation’s contract with GeoHealth Innovations ends the end of 2016, making data we need made a high priority
 - Baseline data collection for the Healthiest Cities and Counties Challenge due December 15th
